Mathematisches Institut

The Mathematical Institute of the University of Bern invites applications for

a Ph.D. position in algebra / algebraic geometry

Starting date: from September 1st 2016, but somewhat flexible.
Education: Master's in Mathematics.
Deadline: May 27th, 2016 (later applications will be considered until the position is filled)
Keywords: combinatorial, computational, and applied aspects of algebra and algebraic geometry

The application must include a CV (including publications if applicable) and a letter of motivation. Moreover, the applicant should arrange for two letters of recommendation to be sent directly to the address below.

Contact: Prof. Dr. Jan Draisma
